**VINCENT PREPARES FOR LAYING CORNER
STONE OF NEW HIGH SCHOOL BUILDING**

People Are Enthusiastic And Will Make It A Day To Remember.

Vincent, Ala., Sept. 5 - The corner stone of the new Vincent Consolidated High School will be laid by Hon. Oliver D. Street, Grand Master of the Masonic Order of Alabama, Thursday September the 29.

Dr. Frank Willis Barnett of Birmingham and other speakers of the state will deliver addresses during the day. The town and patrons of the school will serve a barbeque and basket dinner to all who will come and make this the greatest day that this end of the county has ever had. The woodland back of the new building is being prepared for this day. We the citizens of this end of the county are very much indebted to the powers that be for this school and are very proud of it, for it will give the children who have never had a chance to get high school training the one opportunity of their lives to equip themselves for the battle of life.

The advantage of this consolidated high school will be accessible to about one-fourth of the children of the county.

There will be four truck lines to this school to accommodate every boy and girl in this end of the county who wants to get a high school education. The roads over which these routes are to go are being put in order by the county road workers. The parties who will operate the trucks have already purchased them and have them equipped for the service. So, all is ready for the biggest services that this county has ever had. The new building will be ready in a few more weeks for occupancy.

Let's everyone talk this big day, attend this big day, enjoy this big day, and bring with us to this big day a cheerful face, open mind, a clear conscience and a well filled basket.
